

# Jeff Smith Trophy 2011

## Champions 2011

### Martin Pedersen, Kurt Villardsen and Flemming Vad

**JST 60+** It was Martin Pedersen DK, who after a lot of fighting could bring home the victory in the class. Throughout the races he was fighting with Sören Johansson SE, who finally took the second place. In several races Martin started off a bit down in the field, but mostly he managed to turn it around to his advantage before the checker flag fell! Michael Koch DE came on the third place, tight followed of the best 66+ rider in the 60+ class - Aage Nickelsen, DK. Second 66+ rider was Børge Vad DK and third Erland Jensen DK.

**JST 50+** Kurt Villardsen on his Rickman/BSA took the first place, which he did after bringing home five 40: pooints places in a row! After that he earlier has been riding CZ, it now seems that he gets on well with his 4-stroke bike. On the places right after came Jens Nygaard DK and Peter Nørgard DK

**JST Open Age** After only six ridden legs (of totally nine-) Flemming Vad DK, with his wonderful, relaxed way to handle his BSA, who took the victory in the class. Mats Sundelius SE came on second- and Daniel Birkemose DK on the third place.

The JST class, named after the Champion from the 60-ies on the BSA bikes, Jeff Smith, got a sort of slow start the start up year. Many riders had announced their interest in advance, but a lot less have applied. One possible reason can be that the mentor for the class, Peter Christiansen DK, in the middle of the ongoing preparations for the start up so sadly died in an accident. Other tried to follow up with support of the JST, but sort of didn't reach all the way – Peter had an admirable number of contact persons. Next year, it is the time for new energy – the number of attending riders to the JST are expected to accelerate by then!

7 Martin Pedersen DK

4 Kurt Villardsen DK

112 Flemming Vad DK
