## JEFF SMITH TROPHY

OLT (Ove Lundell Trophy), an international race in Classic Motocross has been arranged during a number of years now. OLT is an international serial of races for Pré-65, Pré Unit motorbikes and/or motorbikes with the “big” Unit engines.

During these years it has, from both riders and organizers, been expressed wishes to start up a similar race serial for motor bikes with “Small Block Engines”, like BSA B44/B50 etc.

This kind of international races, where riders could race against their equals, on the same generation of motor bikes, has until now not been available.

Therefore, with enthusiastic benevolent/permission from Jeff Smith himself, it has now been decided to start up the JST. It is the same committee, with Jörgen Ahlström as coordinator, putting in effort to fulfil wishes expressed during the latest years.

During 2011 there will be three JST races: in Germany, Denmark and Sweden.

The regulations are based on the OLT-regulations. Adoptions are made in paragraphs specific for JST only.
