

Classic European Twin Shock Champion 2011

European Champion 2011 !

Class -50 Tino Eißner DE

Outstanding! Like 2009 and 2010, when it was Twin Shock Cup still, Tino did not let anyone else near to win the -50 class in the 2011 new established Classic European Twin Shock Championship!

Tino Eißner

Born in 1978, lives in Leipzig, Germany, in an apartment, with his girl friend Sandy Gabor and their daughter Sidney, 3 ½ years old. For his living Tino runs a Taxi business with three cars.

The family always comes first, but other interests, besides his family, are to buy and sell used motor bikes and keep himself fit by doing training in a fitness studio, jogging, bicycle training and Bungee Jump. His private car is VW Golf II, external looking very original, but under the hood there is a super tuned Audi S3 engine! WOW!

Tino started riding Motocross on a Honda 80cc when he was 14 years old and continued on a Kawasaki 125cc the year after. Tino has been riding Motocross for 17 years now.

This year Tino also rides (modern) German Championship in Enduro on his KTM 300cc, where he for the moment is on 3:rd place! For his motocross practice he rides a 2-stroke Honda 500cc

Tino has this year got support from the Dutch VMX team and he wants to express his thankfulness to the team, Jeroen Wijlens and Piet van Dijk!

Tino looks forward to the CTSC 2012 and will do his outmost to defend his titles from 2009/2010 and 2011!

Classic European Twin Shock Champion 2011

Class 50+ Per Nisbeth DK

Per Nisbeth

Born in 1959. Lives in Herning, DK, with his wife Lisbeth and their children Claus (21) and Pernille (18). For his living Per works as a plumber. He started riding Motocross in 1975 on a Husqvarna 125cc, and the year after on a Maico 250cc. In 1977 Per won the Danish National Championship for juniors.

He was lucky to have a determined coach at that time of his career, which lead to qualification for Grand Prix 500cc in 1978 to 1983, and racing against riders like Roger de Coster, Brad Lackey, Heiki Mikkola and David Thorpe! Per continued with hard training and racing until 1984, when the family was started

In 1999 Per started riding in the Old-boys class for modern bikes, but in fact he wanted to ride old classic bikes. 2001 he bought a Maico 400cc -72 and won the Danish National Championship for Pre'-74 bikes.

For this year he bought a Husqvarna 500cc for the CETSC, and he sais "My victory in the CETSC 50+ class is the biggest championship I've ever won. I'm very pleased with all the help I've had on my way to this victory. The help and support I've had from my family and old colleagues are priceless and I couldn't have done it without them!"

We really want to see Per back in the CETSC 2012 to defend his title!
